Washington Outdoor Women

WOW's vision is to help women access the outdoors. Confidence is often a factor in keeping women away from outdoor pursuits, but it is also a key ingredient in being at ease in the natural world. WOW is an outdoor skills program that empowers women through classes that sharpen their outdoor skills and improve their wilderness know-how. We know you have the potential….WOW offers the opportunity.

WOW Workshops

The WOW program offers one day and weekend workshops that strive to encourage, teach and motivate women to connect with the outdoors through hands-on experiences. So join other women and get the WOW "can do" attitude…
